

EYE LIGHTING INTERNATIONAL OF NORTH AMERICA, INC.

A SUBSIDIARY OF IWASAKI ELECTRIC CO., LTD.

Iwasaki Electric, Ltd is a Global Lighting Conglomerate, founded in 1944 and headquartered in Tokyo, Japan. Iwasaki, a publicly traded company, is keenly focused on high-tech manufacturing and their marketing operations worldwide as it continues into the 7th decade of commercializing our global business.

2008 Revenue reached 70.9 Billion Yen (\$716.0 Million).

The Company's principle operations are defined in 2 areas:

- **Lighting Applications**... HID (High Intensity Discharge), Halogen, Ultra-Violet, Infrared, High Pressure Mercury & Stepper Discharge Technology, & Special Application Light sources in the following technologies: HID, Halogen fixtures, electronic systems, HID electronic ballasts, etc.
- **Light Applied Applications**... Develop systems surrounding special applications; such as Ultra-Violet sterilization, Infrared and Electron Beam radiation technologies in unique fields as Photochemistry, Electronics, Audio-visual/projection, Semi-conductor, Automotive, Solar manufacturing, and Biotechnology/Medical.

Corporate objective is to accelerate growth in the Light Applied Applications utilizing superior lighting and development capabilities to 50% of company revenues up from roughly 40% today. Investment, product development and market penetration are all key initiatives for Iwasaki's 100 Billion Yen (\$1.0 Billion) revenue 2012 target. Lighting systems continue to be core to Iwasaki.

Iwasaki's Quality oriented culture has integrated ISO into daily operations in many facilities for lighting products. In 2008 Iwasaki had over 25 ISO certifications/ accreditation globally.
